

CUPE Education Workers Ratify Extension Agreement

CUPE education workers completed their ratification votes on the proposed extension agreement yesterday.

The Agreement was ratified through a double majority vote with the majority of bargaining units and majority of members who voted indicating their support for extending the agreement to **August 31st, 2019**.

We greatly appreciate the effort of our locals and staff to hold these votes within a very short period of time.

In solidarity,
Terri Preston, Chair OSBCC
