More than 55,000 CUPE education workers in Ontario have walked off the job. We're not teachers but we are the backbone of your schools and we keep them running.

Stand with us for student success and good jobs.

The Ford Conservatives have cut funding for schools by \$800 per student. That means Ontario schools are missing \$1.6 billion in 2021-2022 alone.

These cuts mean that workers are struggling with poverty wages while students aren't getting the services they need to succeed.

Instead of letting us freely negotiate, the Ford Conservatives are bullying us to accept less than students need and workers deserve.

We are fighting to guarantee:

- Services for students
- Safe and healthy schools
- Good jobs for workers
